ODEYALE GBENGA

Bilge Tatli Street, Ozankoy Road, Girne (Kyrenia), Cyprus

MATHEMATICS/STATISTICS, SOFTWARE DEVELOPER.

(+90) 553 822 4771 gbengha2016@gmail.com

About Me

- Have got 4+ years of Data Analytics and applying computational techniques to solve problems.

  I am:
  - Experience with Python utilizing Django or FastAPI to build microservice/web architectures
  - Experience with Matplotlib and Seaborn for visualization of Big data.
  - Experience with Object Oriented Programming / Object-Oriented Design Patterns
  - Experience with open-source tooling and frameworks.
  - Experience building/interacting with a variety of REST, webhook, websockets APIs
  - Experience with variety of Python frameworks: Selenium, Beautiful soup, Numpy/Pandas, Matplotlib, Seaborn, SciKitLearn and Tkinter.
  - Experience designing and building scalable solutions that leverage both relational and NoSQL databases

- An ability to maintain critical production software and build new production software from scratch.
- I have got Excellent written and oral communication skills and comfortable working with a cross-functional, globally distributed team benefits.
- Be it a remote job or Onsite, I can work/study from anywhere!
- I have got the flexibility and a truly diverse exposition to be part of a global team.
- I thrive in collaborative, forward-thinking environment where new ideas come to life, where experience is valued and talent is incubated.

Skills & Competencies

- Ability to stay focused on complex topics
- Analytical mindset, with inquisitive nature.
- Knowledge of Data Warehouse and Data Engineering Fundamentals (SQL, Relational databases,
- Pipelines, cloud data technologies (Data Lake.))
- Strong programming skills.
- Proficient in SQL, ETL processes, and data integration techniques
- Understand datagovernance, data security, and data quality principles
- Excellent presentation and communication skills and ability to work collaboratively with cross-functional teams
- Robust knowledge of documentation and business process management tools & methodologies

ACADEMIC EXPERIENCE

Teacher | Central Secondary School, Owerri, Imo state - 2008

Teacher (Mathermatic/Statistics) | Eyinda College, Ogbogoro, PortHarcourt, Nigeria - 2016-2017

Facilitator (Time Series and Business Analytics) | ThrivalBase Limited - 2017-2020

Tutor (Time Series Analysis, Stock Speculation) | Udemy - 2019-2021

PROFESSIONAL EXPERIENCE

- Knowledge of Analytics best practices and statistical modelling.
- Investigate Fermats last theorem (Number Theory).
- Published student Handbook (48 WAYS to deal with University challenges) - 2013
- Volunteer for Student Affairs Department, University Of Port-Harcourt (Published Campus Parrot Magazine,Applied Sampling Techniques) - 2019-2021
- Established ThrivalBase Limited - 2016/2017
- Time Series, Forex and Business analytics at ThrivalBase Limited - 2017-2020
- Traveled to Dubai on Business exposition - 2017
- Experience with agile development methodologies and version control systems (e.g. Git)
- 2+ years of commercial experience as a Data Engineer intern in a mid-size organizations that deals with various careers like Real estate, Fintech, Education, E-commerce.

EDUCATION

- Studied Banking and Finance (Msc), Near East University, Cyprus (Uncompleted) - 2022-2023.
- Studied Python frameworks at ElitePath Technologies, PortHarcourt, Nigeria - 2021-2022.
- MR-Soft Certificate in Python Programing, Portharcourt, Nigeria - 2020-2021
- University of PortHarcourt(Bachelor Of Science in Mathematics and Statistics) - 2011-2016
  School Of Basic Studies,University Of PortHarcourt - 2010-2011
- ForexMentor school for Technical stock speculation - 2008-2009
- Federal University of Technology Oweri, Imo State Nigeria (uncompleted) - 2007-2008
- Senior Secondary School Certificate Examination (NECO, External) Bishop Shanahan college, Imo State Nigeria - 2006 - 2007
- Senior Secondary School Certificate Examination (MAY/JUNE, internal) Eleyele High School Ibadan, Oyo State Nigeria - 2002 - 2005
- Junior Secondary School: Immanuel College High School, Ibadan - 1998 - 2001

Career Interests

- Linear Algebra, Calculus and Probability and applications in Artificial Intelligence.
- Application of Mathematics/statistical models in cyber security,Large scale farming and productivity in Nigeria.
- Number Theory, cryptography and application in Nigeria public finance
- Predictive models in Stochastic processes and applications
